BR12M

BR10

Cost-effective descendants of the legendary concert club series speakers in three configurations for a wide range of applications.

- Produced in the USA to carry on the proven audio quality and reliability of Yamaha's acclaimed Concert Club series.
- A variety of cabinets for applications ranging from solo street entertainers to bands in concert halls.
- An optimally-tuned bass-reflex system delivers excellent low-frequency response while a titanium-dome horn tweeter provides broad 90°/40° high-frequency coverage.
- Dual phone jacks for input and parallel connection.
- In addition to a carpeted finish, the tough exterior features steel corner protectors and heavy duty metal handles for improved portability.
- All models – mains as well as monitors – feature pole sockets for use with speaker stands.

BR Series

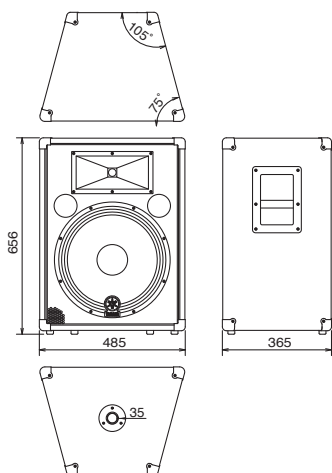

GENERAL SPECIFICATIONS
